

Getting Started

- Sign-in to your personal fundraising page (eTools)
- Check out the Fundraising Toolbox resources
- Edit and personalize your fundraising page

Where is my fundraising page? How do I sign in?

Within a day or two of registering for **Team In Training**, you'll receive an email containing your **eTools** username and password. This message contains links to the personal fundraising page where you can collect donations and the **eTools** account where you will sign in and customize your page.

If have not received the email, it may have been caught in your spam filter. Just go to http://fundraise.lls.org/login, click the Forgot Password link, and enter the email you provided on your TNT registration form. You can also ask your TNT fundraising partner to resend you the link at any time. If you have more serious technical issues, those can be

directed to the experts at support.services@lls.org or 1-888-LLS-7177.

Fundraising Toolbox Resources

There are different tabs to choose from once inside your page. One of the most useful ones is the **Fundraising Toolbox**. Here you will find:

- Tips on getting started
- Fundraising ideas
- Helpful documents
- Your local chapter info

Customize Your Fundraising Webpage

Go to the **Fundraising Pages** button at the left of the screen then click **My Page** to edit your text and add photos. Have fun! Post regular updates after you train with your team and add new photos to show off how far you've come.

Preview shows you a preview of what your page currently looks like.

Manage Posts allows you to edit your current post or create new ones.

Manage Comments allows you to manage comments from your friends and donors.

Page Options gives you the option to change your page Title, URL, name, and many other options for your fundraising page.

Tip! Create a team fundraising page! You can request a joint webpage to fundraise with your TNT friends. When someone donates to the joint page, the donation gets split evenly among everyone on the team. Contact your team manager if you want to set up a team webpage.

How to add a photo 1. Edit or add a new post and click on the photo icon

Page title	Page URL	Post Status
		Unpublished
		0
- De Source Q 🗊 🐰 ि 🔋 🖬 ← → B I	✓ = = = ○ Font •	Size -

2. Click "UPLOAD A New Image" and select your saved file from your computer.

Home	CHARMAINE VAZG	Add Images ×
